

## Gangster Casino Entertainment Package

The secret to making the High 5 It - Gangster Casino work is accomplished by the supplied scorecards and game instructions that were designed with years of experience with first hand facilitation of such events. After setting up the games and splitting the group into teams the organizer basically just has to say go and at the end announce the winners if they so choose.

The package contains four of the more popular casino games that most people will know how to play. Blackjack, Texas Holdem, Roulette and Chuck a luck will give people a well rounded Casino experience utilizing cards, a wheel and dice. Our extras such as Gangster hats, boas and dollar bling necklaces, to be worn by all, will add to the Gangster Casino atmosphere. Each table or team receives a WPT player bobblehead mascot that they can bring to all the events. These bobbleheads are hilarious and will bring your team the luck they need at the various tables or help to intimidate the competition. They will definitely get people laughing.

The secret to the success of the event is getting everybody up mingling and trying all the games and by organizing everybody into teams encouraging team play and even more socializing. Teams work together trying to increase the team loot (fun money) by going to various tables meeting up with other teams and playing that game. Team strategy, luck and having the most fun are few components that will help a team succeed. Each team will get a scorecard that will guide them to the next game and with which other team to play with or against. This will serve to organize the event as well as get guests to meet with others. The scorecard may also be used to keep track of how well the team did at each event although how much money or how much fun they had at the end is all that really matters.

The event wraps up by bringing all the teams together where they decide how much of their loot they want to wager on a horse race. Jumping, laughing and cheering cannot be helped as teams root for their chosen horse. The format of a High 5 It Casino will bring your group together in many more ways than a traditional Casino ever could and guests will definitely have had more fun!
