

Team Golf

Program Overview

High 5's **Team Golf** is a great way to intermix a group of avid golfers with non-golfers for a very interactive team building golf experience!

Utilizing the huge yardage of the 11 hole Putting Course at *Red Tail Landing Golf Course* we incorporate challenges and obstacles that teams face at each hole. Teams are provided with a special scorecard detailing how each hole is to be played and for interactivity and honest scorekeeping they play each hole with another team.

To build group camaraderie High 5 Facilitators are interspersed throughout the course with bonus challenges for teams to earn "minus strokes" to reduce their scores. Some of these challenges are only your team and others require collaboration with other teams to succeed.

To finish with the best score it will take strategizing and team work more than golf skills!

Optional team golf hats or bandanas can be added to further boost team spirit!

Benefits

- ◆ Team work
- ◆ Stress relief
- ◆ Fresh Air!
- ◆ Camaraderie
