Interactive Casino

Perfect for a Meet & Greet, meeting Breakout, or staff Event. The Interactive Casino gets everyone interacting and laughing, coupled with an element of competition to keep it lively and interesting!

High 5 facilitators split your group into teams to play at various casino tables. Teams rotate around the tables facing-off with a new team each time so the interaction, camaraderie, and excitement builds. Twists are added by our High 5 dealers encouraging guests to engage, breaking barriers, and getting to know teammates and opposition that much better.

This concept works well to encourage groups of all types to get to know one another through interaction and Fun.

This activity can be further enhanced with the addition of our Casino Add-ons!

Get Ready for Fun

- 🖐️ We'll follow-up with you the week of your event to confirm all the details and provide contact details of the High 5 person in charge of your event.
- 🖐️ On the day of your event, High 5 dealers will set-up the casino earlier, if this has been requested in advance, or alternatively, they will arrive at least 30 minutes prior to casino start time for set-up.
- 🖐️ Just before casino start time the dealer in charge will greet your guests and explain the casino while other dealers walk through the room handing out a \$500 play money bill to guests.
- 🖐️ Guests can then go to any casino game they'd like where they'll exchange their money for casino chips, just like a real casino. Our Fun Casinos are fully hosted by our experienced dealers who ensure everyone is engaged and having a great time!
